Big Cat Reality Bunker Group Itinerary 2011

The First Night:

We all meet at the Bundaberg Port Marina from 7.00 pm on, where everyone stows their gear and settles in onboard. The master then gives the safety brief and you watch an induction DVD. A light supper is served and we depart Burnett Heads at 11:00pm. (For anyone wanting a meal before boarding, there is a great fish & chip takeaway located at the Marina). Big Cat Reality then steams overnight to Lady Musgrave and arrives ready for an early morning dive.

Day One:

The first dive is about 6.00am. The first day is normally spent diving the best sites around Lady Musgrave including Manta Ray Bommie, Southern Caves, Southern Wall and the Entrance Bommie. After completing 4 dives for the day, we head into the lagoon for a calm anchorage and the fifth and final dive of the day, a night dive around one of the many Bommies in the lagoon.

Day Two:

On the second day Big Cat Reality heads north to explore the sites around Boulton Reef before heading further north to spend the night at Llewellyn Reef where we do the second night dive of the trip.

Day Three:

Big Cat Reality again heads north to spend the day diving the sites around Fitzroy Reef. You will have the opportunity to do four day dives and a night dive here, as we stay overnight behind the reef which give us a protected anchorage for the night.

Day Four:

After spending the night near Fitzroy Reef, the fourth day gives us the opportunity to move south and dive the most favoured sites for the last few days. Our last dive of the day is completed at Lady Musgrave's Mantaray Bommie where we spend the night in the lee of the Island.

Day Five:

On the fifth day you wake up at the famous Lady Elliott. We dive sites like the Blow Hole, Hero's Cave and the Lighthouse Bommie. Lunch is served as we head back to Bundy, arriving at approximately 6:00pm on the last day.

These trips are truly great fun and top value. Included: up to 22 dives, all air fills, all meals, 5 nights air-conditioned accommodation aboard Big Cat Reality, dive master services, and full use of all facilities onboard.

Food:

There will be professionally well-presented meals for you to enjoy throughout your five day cruise through the amazing world of the Great Barrier Reef. Meals will include: Hot & cold breakfasts, hot & cold buffet lunches, roast dinners and of course the famous Big Cat BBQ. You will also enjoy healthy fruit platters and other yummy snacks between dives.

Crew:

As usual on Big Cat Reality you will have the friendly and professional services of five Big Cat crew, who are dedicated to your safety and the smooth running of the vessel's operation. On the dive deck you have another four professional dive crew dedicated just to the diving operations to ensure safe and enjoyable diving for everyone.

Dive Gear:

You are required to supply your own dive gear, or you can hire it from one of our professional dive operators. All air fills will be provided for the trip. (All divers are required to dive with a dive computer)

Bedding:

All bed linen and 2 bath towels (for fresh water showers) will be provided for the charter. Please bring along a towel for diving purposes.

Car parking at Bundaberg Port Marina:

There is ample car parking at the Marina, and there is lockup parking available for an additional fee.
