## Sunday Diving

### Off shore diving Sunday

**\$160.00**

Amazing Value: Two dives for \$80 each including cold meats and salad lunch & hot showers

Guests board at 7:30 am for an 8:00am departure from our home birth at Newport Marina. 'Reality 1' goes straight to Bulwer to unload transfer passengers and then starts our dive day. Morning tea is served as we head out to our first dive site. Our first dive could be on one of the more exposed sites (weather depending) like, Gotham City, Charlie's Chapel, Cement-co or any other one of our great sites. We then head to the calm waters behind the reef for lunch on the top deck. Your second dive is a still water dive at Flinders Reef. This site offers a large diversity of marine life with over 180 different fish species including pelagic, estuarine fish and the famous turtle cleaning station. The afternoon is then spent relaxing on the sun deck with afternoon tea and refreshments from the bar as we cruise back to Newport.
